EXAMINER'S COMMENT

Response to Arguments

1. Applicant's arguments, see Remarks, filed September 23, 2010, with respect to the rejection of independent claim 13 under 35 U.S.C. 103 have been fully considered and are persuasive. The rejection of claims 13-16, 19, 28 and 29 under 35 U.S.C. 103 has been withdrawn.

Allowed Claims

2. Claims 1-7, 9-16, 19, 23-25 and 27-29 are allowed.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: Applicant presented persuasive remarks traversing the rejection of independent claim 13 over the closest prior art of record, the combination of Lockwood and Gibertoni. Specifically the applicant argued that one of ordinary skill in the art would not be motivated to replace the wound insert disclosed by Lockwood and cited against the claimed insert with the insert disclosed by Gibertoni because the Gibertoni insert drains solely via capillary action and natural flow of exudate through an attached tube. The act of detaching the tube from the Gibertoni insert and placing the insert in a wound and applying suction via the Lockwood wound cover and suction apparatus would interfere with the capillary drainage action of the Gibertoni insert, rendering the Gibertoni device unsatisfactory for its intended purpose. Claims 14-16, 19, 28 and 29 depend directly or ultimately from claim 13 and are thus also allowed.

4. The detailed reasons for allowance of independent claims 1 and 12, previously allowed, can be found in the non-final action mailed February 25, 2010.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
